**How should your practice be identified? (Company name or your own name):**

Earthkeeping

**Summary:**

Spirituality is a unique expression within each individual as one considers their own relationship to the Divine and all of creation. My companioning practice is centered in grounding and somatic experience which is further supported by my work as a certified Enneagram practitioner and as a student of Non-Violent Communication. I also offer Enneagram typing interviews for those interested in exploring their own enneagram type and how it informs their spiritual journey.
